I. Admission Information

A. Admission Procedures

Admission to the School is open to any individual entitled to attend school in accordance with the laws of this State, the provisions of this policy, and the administrative guidelines established to implement this policy.

Specifically, the School shall:

- Not enroll students who are not residents of the state of Ohio;
- Limit admission to students who have attained a specific grade level, age, or status as an "at risk" student (as defined and to the extent applicable below) according to the population served at the School;
- Permit students from adjacent or from other districts to enroll;
- Not discriminate in the admission of students based on race, creed, sexual orientation, color, disability, or gender;
- Comply with all federal and state laws regarding the education of students with disabilities;
- Not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, or athletic ability, except as indicated above;
- Admit only the number of students that will not exceed the capacity of the School's programs, classes, grade levels, or facilities; and
- Admit students by lottery from all those submitting applications when the number of applicants exceeds the School's capacity restrictions stated above. Preference will be given to students attending the School during the previous year, to students who reside in the district in which the School is located, and to siblings of students who attended the School during the previous year.

The notice required under this section shall include the reasons for the intended expulsion, notification of the opportunity of the student and the student’s parent, guardian, custodian, or representative to appear before the principal or principal’s designee to challenge the reasons for the intended expulsion or otherwise to explain the student’s action, and notification of the time and place to appear. The time to appear shall not be earlier than three nor later than five school days after the notice is given, unless the principal grants an extension of time at the request of the student or the student’s parent, guardian, custodian, or representative. If an extension is granted after giving the original notice, the principal shall notify the student and the student’s parent, guardian, custodian, or representative of the new time and place to appear.

Unless a student is permanently excluded, the Superintendent shall expel a pupil for a period of one year for bringing a firearm to the School, to an extracurricular event, or onto any other property controlled by the Governing Authority Board of Directors of the School or an extracurricular event. “Firearm” has the same meaning provided in the “Gun-Free Schools Act,” a “firearm means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projective by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device, which includes a bomb grenade, a rocket having a propellant charge of more than four ounces, a missile having an explosive or incendiary charge of more than one-quarter ounce, a mine, or similar device. This definition would also include any weapon that will, or that may be readily converted to, expel a projectile by the action of an explosive or other propellant, and that has a barrel with a bore of more than one

half in diameter. The term does not include an antique firearm. The Superintendent may reduce the expulsion time on a case by case basis based upon the student's overall record at the School.

C. Lottery

The School will not exceed the capacity of the school's programs, classes, grade levels, or facilities. When the number of applicants for admission exceeds the School's capacity, admissions will be determined by a lottery of applicants. If a lottery is necessary, it shall take place at a public location. The lottery will be based on students who submitted completed applications with required documentation. Preference shall be given to returning students who attended the School the previous school year, to students who reside in the district in which the school is located, to siblings of returning students. All parties will have the opportunity to be present during the lottery process and will be notified in advance of the date, time, and location of the lottery. All parents of children selected in the lottery will be notified of the selection by certified mail. Parents will have up to seven days from receipt of the certified mail to contact the School regarding their decision. If a parent does not respond within seven days of receipt of the certified mail, the School will select another child from the lottery in the order the child's name was drawn. As the School operates and accepts students year round, if other spaces are available after the lottery places become available, students are accepted in order of a prioritized wait list based on the results of the lottery, or if there is no wait list, then on a first come first serve basis.

Homeless students should be enrolled immediately. The School will provide learning opportunities to each homeless child in accordance with the McKinney-Vento Homeless Assistance Act and Ohio law.

D. Student Records

The School verifies eligibility according to residency and reports names and addresses to the local school district of those students who are enrolled in the School. In addition, once a student is enrolled, records are requested via mailed form letters, signed by parent or guardian (if applicable), from the appropriate school of last attendance. Follow-up calls are made to buildings that have not forwarded records as requested. This notice also serves as notice to the student's district of residence as required by law.

E. At-Risk Definitions (If Applicable)

An "at-risk" student is one who is: (1) not performing well in brick and mortar schools; (2) not able to complete credit due to district rules or available programs; (3) pregnant or parenting; (4) homeless; (5) two or more grade levels behind; or (6) deemed "at-risk" by the School Administrator or other Ohio laws or regulations.

- The student still needs his/her initial dose of DTaP vaccine
- The student still needs his/her initial dose of Polio vaccine

If a student's Immunization Records have not been received by the School by the 15th day of enrollment, the student will be released from School and will not be able to attend until he/she can submit his/her medical records from their last school of attendance or primary physician or until he/she can prove that he/she has begun the Immunization process, meaning that the he/she has been immunized against Measles, Mumps and Rubella and has received at least one dose of DtaP/DT, Polio and Hepatitis B. A student who has been released for not submitting a copy of his/her Immunization Records will be counted as an unexcused absence while the student is not attending school.

If a student has received at least one dose of DtaP/DT, Polio and Hepatitis B, he/she may remain in school. However, he/she must finish the series as soon as the scheduled intervals between doses permits.

C. Attendance Policy

Attendance. All students must maintain regular and consistent attendance to remain enrolled at the School. Students should be on time for each learning opportunity.

1. Absences. If the student will be absent from a day's learning opportunity, the student or, if the student is under 18, the parent/guardian must call the School on the day of the absence. A written excuse must be provided to the School upon the student's return. Unexcused absences will reduce the student's overall average attendance percentage. Excused Absences will also reduce the student's overall average attendance percentage but their classification will be taken into account should the total attendance percentage drop below 60%.

Excused absences require written documentation such as a doctor's note, verification from the court or employer, or any other documentation as stated below. All students must provide the School with written documentation regarding excused absences on the first day the student returns for a learning opportunity. An excused absence or tardy will be granted if the student is not in school for the following reasons:

- a. Medical appointment (with appropriate written documentation)
- b. Under a doctor's care (with appropriate written documentation)
- c. Automotive (with appropriate tow truck or repair shop receipt)
- d. Scheduled road test for a driver's license (with appropriate written documentation)

- j. Other absences as deemed appropriate by the School Administrator
- k. Any prolonged absence due to illness or other documented reason will also be excused. Excused absences with documentation, such as a doctor's note or verification from the court, can still count against a student's average attendance percentage.

Unexcused absences include the following:

- a. Any absence where a student fails to provide appropriate written documentation of the absence (Students should provide written documentation on the first day that a student returns to a learning opportunity.)
- b. Leaving a learning opportunity early without proper authorization
- c. Each day that a student is late without appropriate documentation and for any other unexcused absence as defined by the School Administrator

Generally

Attendance at school is key to achievement. Students are expected to attend school regularly and on time. Parents/guardians are encouraged to partner with the School to ensure attendance and timeliness.

Parents/guardians are required to notify the school of any absence prior to the start of the school day. Within 120 minutes after the beginning of each school day, the School shall make at least

one attempt in compliance with ORC 3321.141(A)(2) to contact the parent/guardian for any student absent without legitimate excuse. Similarly, parents/guardians are required to notify the school in advance of early pick-up.

Parents/guardians are encouraged to make any doctor, dentist, etc. appointments for times other than school hours.

No student shall be suspended or expelled based solely on the number of absences.

The School shall institute the intervention strategy as listed in Exhibit A to the Attendance, Truancy, and Automatic Withdrawal Policy in the Board Policy Manual.

Excessive Absences

A student shall be considered excessively absent when the student is absent (with or without legitimate excuse) 38 or more hours in one school month or 65 or more hours in one school year.

When a student is excessively absent from school:

1. The School will notify the student's parents in writing within seven days of the triggering absence.
2. The student will follow the School plan for absence intervention; and
3. The student and family may be referred to community resources.

Habitually Truant

Habitually truant is defined as being absent without legitimate excuse for thirty or more consecutive hours, forty-two hours or more in one school month, or seventy-two hours or more in a school year.

When a student is habitually truant:

1. Within seven days of the triggering absence, the School will:
 - a. Select members of the absence intervention team; (the team should be based on the needs of each individual student, but the team shall include two representatives from the School, one of whom who knows the student, and the student's parent/guardian/custodian. The team may also include a school psychologist, counselor, or social worker.
 - b. Make three meaningful attempts to secure the student's parent or guardian's participation on the absence intervention team. (If the parent/guardian fails to respond, the School will investigate whether the failure to respond triggers a mandatory reporting to the public children services agency for the county and instruct the absence intervention team to develop an intervention plan for the student notwithstanding the absence of the student's parent/guardian.
2. Within 10 days of the triggering absence, the student will be assigned to the selected absence intervention team;

3. Within 14 days after the assignment of the team, the School will develop the student's absence intervention plan; (The School shall provide written notice of the plan to the student's parent/guardian within seven days of developing the plan.)
4. If the student does not make progress on the plan within 61 days or continues to be excessively absent, the district will file a complaint in the juvenile court.

Reporting

The school shall report as soon as practical to the Ohio Department of Education each time a student exceeds the threshold of absences, the date a notice was sent to parents, the date when a notice was sent to parents, the date when a student qualifies as habitually truant, when an adjudicated unruly child violates a court order, and when an intervention plan has been implemented.

If the student is violating a court order regarding the student's adjudication as an unruly child for being habitually truant, the Board hereby authorizes the school's administrator or his/her designee to inform the student and parent/guardian of the violation and to notify the Juvenile Court.

Withdrawal

When a student of compulsory age withdraws from school, the School shall ascertain the reason for the withdrawal. If the reason for the withdrawal is for a reason other than a change in residence and is not enrolled in another program to obtain a high school diploma, the School shall notify the registrar of motor vehicles and the juvenile judge in the county in which the school is located of the failure to enroll in and attend a program to obtain a high school diploma. The notice shall be given within two weeks after the withdrawal and failure to enroll in another program permitted by law.

In accordance with Ohio law, a student will be automatically withdrawn from the School if the student without a legitimate excuse fails to participate in seventy-two (72) consecutive hours of the learning opportunities offered to the student.

E. Progressive Discipline Policy

Through progressive discipline, Capital City Career Prep High School administrators will determine appropriate consequences and/or identify relevant support that may help students improve their behavior. The goal is to prevent inappropriate student behavior from happening again. The below steps may be used to determine the appropriate consequence to address violations of the Code of Conduct by students.

1. The degree of discipline will be proportional to the severity of the behavior for which the student is being disciplined.
2. The student's previous discipline history and other relevant factors will be taken into account in determining the degree of discipline.
3. The student shall have the right to due process procedures required by federal and state law.

School administrators may consider a range of options in responding to each situation. These options will include different supports and consequences. Support might range from a conversation with the student to a review of expectations for the student's behavior to counselling from a social worker, such as for life skills coaching or anger management. Consequences could include an assignment, a detention, a suspension or an expulsion.

F. Suspension, Expulsion, Emergency Removal, Permanent Removal, Due Process Rights

The school recognizes that exclusion from the educational program is a serious sanction and that suspension and expulsion must follow due process mandates. Additionally, the school will comply with all state and federal law pertaining to students with disabilities.

A student may be disciplined for any violation of the student code of conduct, even if the violation occurs on property not owned or controlled by the school if the violation took place during activities connected with the school or if the behavior is directed at a school official.

Any student suspended or expelled under this policy will not be permitted to participate in any extracurricular activities.

Suspension:

The principal or designee may suspend a student from the school for not more than ten school days. If at the time a suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the principal may require the student to participate in a community service program or another alternative program for a number of hours equal to the remaining suspension period. The student shall be required to begin the program during the first full week day of the summer break. A principal may not apply the remaining suspension period to the following year.

Except in the case of a student given an in-school suspension, no student shall be suspended unless prior to the suspension the principal does both of the following:

1. Gives the student written notice of the intention to suspend the student and the reasons for the intended suspension.
2. Provide the student an opportunity to appear at an informal hearing before the principal ; challenge the reason for the intended suspension or otherwise to explain the student's actions.

The School shall provide students an opportunity to complete any classroom assignments missed because of an in-school or out-of-school suspension. Students shall be entitled to receive at least partial credit for a completed assignment; however, reasonable grade reduction may be made on account of a student's suspension. The School shall not assess a failing grade for a completed assignment solely on account of the student's suspension.

Expulsion:

The superintendent may expel a student from the school for a period not to exceed the greater of eighty school days or the number of school days remaining in the semester or term in which the incident that gives rise to the expulsion takes place. If at the time an expulsion is imposed there are fewer than eighty school days remaining in the school year in which the incident that gives rise to the expulsion takes place, the superintendent may apply any remaining part or all of the period of the expulsion to the following school year.

No student shall be expelled under this policy unless, prior to the student's expulsion, the principal does both of the following:

1. Gives the student and the student's parent, guardian, or custodian written notice of the intention to expel the student;
2. Provides the student and the student's parent, guardian, custodian, or representative an opportunity to appear in person before the principal or principal's designee to challenge the reasons for the intended expulsion or otherwise to explain the student's actions. The notice required under this section shall include the reasons for the intended expulsion, notification of the opportunity of the student and the student's parent, guardian, custodian, or representative to appear before the principal or principal's designee to challenge the reasons for the intended expulsion or otherwise to explain the student's action, and notification of the time and place to appear. The time to appear shall not be earlier than three nor later than five school days after the notice is given, unless the principal grants an extension of time at the request of the student or the student's parent, guardian, custodian, or representative. If an extension is granted after giving the original notice, the principal shall notify the student and the student's parent, guardian, custodian, or representative of the new time and place to appear.

Unless a student is permanently excluded, the Superintendent shall expel a pupil for a period of one year for bringing a firearm to the School, to an extracurricular event, or onto any other property controlled by the Governing Authority Board of Directors of the School or an extracurricular event. "Firearm" has the same meaning provided in the "Gun-Free Schools Act," a "firearm means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projective by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device, which includes a bomb grenade, a rocket having a propellant charge of more than four ounces, a missile having an explosive or incendiary charge of more than one-quarter ounce, a mine, or similar device. This definition would also include any weapon that will, or that may be readily converted to, expel a projectile by the action of an explosive or other propellant, and that has a barrel with a bore of more than one half in diameter. The term does not include an antique firearm. The Superintendent may reduce the expulsion time on a case by case basis based upon the student's overall record at the School.

Permanent Exclusion

A student may be permanently excluded from attending any school in the state if the student is convicted of, or adjudicated a delinquent child for, committing an act that would be a criminal offense if committed by an adult, when the student was sixteen years of age or older if the act is one of the following:

- Illegal conveyance or possession of deadly weapon or dangerous ordnance or of object indistinguishable from firearm in school safety zone in violation of R.C. 2923.11.
- Carrying a concealed weapon, trafficking in drugs or possession of controlled substances, if the violation was committed on property owned or controlled by the school or at a school activity in violation of R.C. 2923.12, R.C. 2925.03, and/or R.C. 2925.11.

- Aggravated murder, murder, voluntary manslaughter, involuntary manslaughter, felonious assault, aggravated assault, rape, gross sexual imposition, or felonious sexual penetration in violation of R.C. 2903.01, R.C. 2923.02, R.C. 2903.03, R.C. 2903.04, R.C. 2903.11, R.C. 2903.12, R.C. 2907.02, R.C. 2907.05, and/or the former section R.C. 2907.12 if the violation was committed on property owned or controlled by the school or a school activity if the victim at the time of the commission of the act was an employed at the school.
- Complicity in any of the above violations regardless of whether the act of complicity was committed on property owned or controlled by, or at an activity held under the auspices of, the school.

If the superintendent of the school obtains or receives proof that a student has been convicted of committing or adjudicated a delinquent child for the commission when the student was sixteen years of age or older of one or more of the above, the superintendent may issue to the school's governing authority a request that the student be permanently excluded from public school attendance in Ohio, if both of the following apply:

(1) After obtaining or receiving proof of the conviction or adjudication, the superintendent or the superintendent's designee determines that the student's continued attendance in school may endanger the health and safety of other students or school employees and gives the student and the student's parent, guardian, or custodian written notice that the superintendent intends to recommend that the governing authority adopt a resolution requesting the superintendent of public instruction to permanently exclude the student from public school attendance.

(2) The superintendent or the superintendent's designee forwards to the governing authority the superintendent's written recommendation that includes the determinations the superintendent or designee made pursuant to this policy and a copy of the proof the superintendent received showing that the student has been convicted of or adjudicated a delinquent child for a violation listed in this section that was committed when the student was sixteen years of age or older.

The School shall follow all requirements for permanent exclusion as described by ORC 3313.66, including providing notice of the possibility of permanent exclusion with each suspension and expulsion notice.

Emergency Removal: If a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the school premises, the superintendent or principal or assistant principal may remove a student from curricular activities or from the school premises or a teacher may remove a student from curricular activities under the teacher's supervision without the notice and hearing requirements of this policy. A teacher may remove a student from curricular activities under the teacher's supervision, without the notice and hearing requirements. As soon as practicable after making such a removal, the teacher shall submit in writing to the principal the reasons for such removal.

If a student is removed under this Emergency Removal section from a curricular activity or from the school premises, written notice of the hearing and of the reason for the removal shall be given to the pupil as soon as practicable prior to the hearing, which shall be held on the next school day after the initial removal is ordered. The hearing shall be held in accordance with suspension provisions of this policy unless it is probable that the student may be subject to expulsion, in which case a hearing in accordance with the expulsion provisions of this policy shall be held, except that the hearing shall be held on the next school day after the date of the initial removal. The individual who ordered, caused, or requested the removal to be made shall be present at the hearing.

Right to Appeal to Board:

Within one school day after the time of a student's expulsion or suspension, the principal or designee shall notify in writing the parent, guardian, or custodian of the student and the Board of Directors of the School of the expulsion or suspension. The notice shall include the following reasons for the expulsion or suspension and notification of: (1) the right of the student or the student's parent, guardian, or custodian to appeal the expulsion or suspension to the Board of Directors of the School or to its designee; (2) the right to be represented in all appeal proceedings; (3) the right to be granted a hearing before the Board of Directors of the School or its designee in order to be heard against the suspension or expulsion; (3) and the right to request that the hearing be held in executive session. The notice shall specify the manner and date by which the student or the student's parent, guardian, or custodian shall notify the Board of Directors of the School of the student's, parent's, guardian's, or custodian's intent to appeal the expulsion or suspension to the Board or its designee. If the principal expels a student under this section for more than twenty school days or for any period of time if the expulsion will extend into the following semester or school year the notice shall provide the student and the student's parent, guardian, or custodian with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitudes and behavior that contributed to the incident that gave rise to the student's expulsion. The information shall include the names, addresses, and phone numbers of the appropriate public and private agencies.

If the student or the student's parent, guardian, or custodian intends to appeal the expulsion or suspension to the Board of Directors of the School or its designee, the student or the student's parent, guardian, or custodian shall notify the Board of Directors of the School in the manner and by the date specified in the notice. The student or the student's parent, guardian, or custodian may be represented in all appeal proceedings and shall be granted a hearing before the Board of Directors of the School or its designee in order to be heard against the suspension or expulsion. At the request of the student or of the student's parent, guardian, custodian, or attorney, the Board of Directors of the School or its designee may hold the hearing in executive session but shall upon the suspension or expulsion only at a public meeting. The Board of Directors of the School, by a majority vote of its full membership or by the action of its designee, may affirm the order of suspension expulsion, reinstate the student, or otherwise reverse, vacate, or modify the order of suspension or expulsion. The Board of Directors of the School or its designee shall make a verbatim record of hearings held under this division. The decisions of the Board of Directors of the School or its designee may be appealed under Chapter 2506 of the Ohio Revised Code.

This policy shall not be construed to require notice and hearing in the case of normal disciplinary procedures in which a student is removed from a curricular activity for a period of less than one school day and is not subject to suspension or expulsion.

For purposes of this policy, the Board of Directors of the School appoints the Operator as its designee.

Discipline for Students with Disabilities

Consistent with this policy, to the extent the principal may order removal of a student without disabilities, the principal may remove a student with a disability, but not for more than ten (10) school days.

After a child with a disability has been removed from the child's current placement for ten school days in the same school year, during any subsequent days of removal, the school district must provide services.

If a child is removed for a period of time exceeding ten school days and the behavior was not determined to be a manifestation of the disability, the student must continue to receive educational services and receive a functional behavioral assessment and behavioral intervention services.

Change in Placement

The School will notify the parent of the removal decision that constitutes a change in placement for a student with a disability and provide the parent with a copy of the notice of procedural safeguards on the same day as the date of the removal decision.

A change in placement will occur when

- A removal is for more than ten (10) consecutive school days; or
- A series of removals constitute a pattern because;
 - the removals cumulate to more than ten (10) school days in a school year,
 - the behavior of the student is substantially similar to prior incidents, and
 - other factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

Manifestation Determination

Within ten school days of any decision to change the placement of a child with a disability due to a violation of the code of student conduct, the School, parent, and relevant members of the IEP team must review all relevant information in the student's file to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to the child's disability or
2. If the conduct was a direct result of the School's failure to implement the IEP.

If either of these two conditions are found to exist, the conduct must be determined to be a manifestation of the disability.

If the IEP team and other qualified personnel determine that the student's behavior was not related to the disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities.

If the IEP team determines that the student's behavior was a manifestation of the disability, the school must either:

1. Conduct a functional behavioral assessment or,

- a. If the behavioral plan has already been developed, review the behavioral intervention plan and the implementation plan and modify them if necessary.
- b. The child must return to the placement from which the child was removed, unless the parent and the School agree to a change of placement as part of the modification of the behavioral intervention plan.

School personnel may remove a student to an interim alternative educational setting for not more than forty-five school days without regard to whether the behavior is a manifestation of the disability if the student:

1. Carries a weapon to or possesses a weapon at School, on school premises, or to a school function;
2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at School, on school premises, or at a school function; or
3. Has inflicted serious bodily injury upon another while at School, on school premises, or at a school function.

Students removed under this section must continue to receive services and receive a functional behavioral assessment and behavioral intervention services.

Appeals

If a parent disagrees with any decision regarding placement or the manifestation determination decision made by the IEP team, the parent may request a hearing. Whenever a hearing is requested, the School will comply with the procedures for an expedited due process hearing.

G. Withdrawal Policies and Procedures

If a parent or guardian wishes to withdraw his/her student or an adult student wishes to withdraw from the School, he/she must complete and sign a withdrawal form. Minor students must supply proof of enrollment from another school before he/she will be withdrawn from the School.

H. Parent & Student Surveys

Parents and students are asked to complete a Parent & Student Satisfaction Survey as required under the School's Contract, as well as any other School surveys deemed appropriate by the School's Administrator.

In addition, upon Graduation, students will be asked to complete a survey regarding their future plans.

III. Academics

A. The Curriculum

The curriculum is a combination of academics, including project-based learning lessons, life skills preparation and employability skills instruction. Each student works on his or her personalized learning plan, participates in small group sessions and completes independent work in order to earn credits for graduation and pass any mandatory state testing. Students also have access to electronic educational software programs and the Internet for their academic lessons, and post-secondary and vocational exploration. One-on-one tutoring is also available if needed.

Students receive an individual academic and career plan (based upon their academic needs and vocational/employment plans). Employability Specialists work with each student to assist with job placement, vocational opportunities and career advancement.

B. Academic Sessions

Students must attend the learning opportunities appropriate for their course of study at the School.

Students who work or volunteer at least 5 hours per week may be permitted to leave a learning opportunity early or arrive to a learning opportunity late, so long as they can provide proof that they were scheduled at their respective work/volunteer site during the relevant learning opportunity with appropriate travel time included.

Each student also participates in a minimum of five hours of additional learning opportunities per week. These learning opportunities include employment, volunteering, vocational counseling or other activities deemed suitable. Students may earn a lifetime maximum of six (6) work credits that are counted toward the seven (7) elective credits for graduation. There is a limit of three (3) work credits earned per school year. Exceptions to this requirement are only permitted after the School Administration performs an in-depth review of the student's individual circumstances, and approval is obtained from the Administrator.

All volunteer activities outside of the School need to be approved by the Administrator and documented so the student can receive appropriate credits.

C. Grading

Each student is required to complete weekly academic activities on the computer. In addition, workbooks, newspapers, magazines and resource materials are available for student use while completing off-line assignments. Students must receive 60% or better to master a course.

Each student is also required to keep a portfolio of his/her accomplishments. The School's Graduation Committee and Administrator review the portfolio on behalf of the Board of Directors before the student is deemed ready for graduation.

D. Progress Reports

The School uses a Complete/Incomplete grading system. Progress Reports are issued to each student every sixteen (16) weeks and are generally distributed in October, February and June. Progress Reports can be requested by parents or guardians at any time.

E. Grade Levels

Promotion to 10th grade: Students must have at least 6 credits.

Promotion to 11th grade: Students must have at least 12 credits

Promotion to 12th grade: Students must complete one of the following in order to be promoted to 12th:

- Earn all academics credits (English, math, science, and social studies) required by the state of Ohio
- Receive proficient equivalent scores on all state-required tests:
 - Score of “3” in all seven (7) end of course assessments, or
 - Earn 12 point industry recognized credential (IRC) and a 13 on the WorkKeys assessment, or
 - Earn a college readiness score on ACT English 18 and Math 22
 - Earn a diploma using the Option 1 or Option 2 for graduation cohort years 2018 and 2019

A student is prohibited from being promoted to the next grade level if the student has been absent without excuse for more than 10% of the required attendance days for the current school year and has failed two or more required curriculum subject areas in the current grade. A student may only be promoted under these circumstances if the principal and student’s teachers of any failed subject areas agree that the student is academically prepared to be promoted.

F. Graduation Requirements

In order to earn a high school diploma, students must earn the required credits (students must complete a minimum of 20 credits), fulfill the student’s Learning Plan, and complete one of the three pathways listed in Board’s Graduation Policy.

Beginning with the class of 2018, students must follow one of the following three options or other pathways as available by law:

- Earn a minimum of 12 points by receiving a State Board of Education approved, industry recognized credential or group of credentials in a single career field and earn on the required score on Work Keys, a work readiness test

Students must earn a state minimum of 20 credits as follows:

Pathways to Graduation

In addition to obtaining the required minimum credits, students must meet one of the following three pathways to graduate.

1. Ohio State Tests

Students may graduate upon earning 18 points on end-of-course state tests. In order to meet this requirement, a student must earn a minimum of four points in math, four points in English and six points across science and social studies.

Students participating in Advanced Placement or International Baccalaureate courses in biology, American history, or American government may take and substitute test scores for end-of-course state exams to earn graduation points.

Students may also substitute grades from College Credit Plus courses in science and social studies for end-of-course exams.

2. Industry credential and workforce readiness

Students may graduate upon earning twelve points through a State Board of Education approved, industry recognized credential or group of credentials in a single career field. In addition to the twelve points, a student must achieve a workforce readiness score on the WorkKeys assessment. The State of Ohio will pay one time for those who take the WorkKeys assessment.

3. College and Career Readiness Tests

A student may graduate upon earning a remediation-free score in English language arts and mathematics on a nationally recognized college admission exam. The state of Ohio will pay one time for eleventh grade students graduating in classes of 2018 and beyond to take the ACT or SAT. (The test selection is at the School's discretion and may change from school year to school year.)

Additional Pathways

From time to time, the legislature may allow additional or other options to graduation on a temporary basis. Any student meeting the qualifications for any additional graduation option provided by the Ohio legislature shall qualify for graduation upon completion of all requirements and verification by school staff of the completion of all requirements. Additional pathways approved by the legislature are listed in Attachment A and only apply for the year specified.

G. Conferences/Open House

Conferences are strongly encouraged throughout the year. Parents/legal guardians may be contacted to meet with instructors and the student at least once a trimester. The School encourages parents to request a conference at any time.

H. Transferring Credits

Student credits from former high schools do transfer to the School. A "Request for Records" will be sent to the student's former school. If a student has an official transcript, it is recommended that he/she attach it to the initial application or submit it to the main office.

Note: An official transcript has a raised seal. The School *must* have an official transcript in order for a student to graduate.

I. Ohio College Credit Plus and Advanced Standing Options

College Credit Plus can help you earn college and high school credits at the same time by taking college courses from community colleges or universities and Advanced Standing are available for interested students. For more information on Ohio College Credit Plus Policy refer to the Board Policy Manual or more information on these options can be obtained through your School Administrator.

J. Credit Flexibility Plan Option

In compliance with Senate Bill 311, Capital City Career Prep High School offers students opportunities to earn high school credit through a credit flexibility program. All students are eligible for consideration for credit flexibility. Students that are interested will initiate and submit a request in writing to take and/or earn the credit via the credit flexibility plan (CFP). Students can earn credits by:

- Completing coursework;
- Testing out or demonstrating mastery on course content: or
- Pursuing one or more “educational options” such as distance learning, educational travel, internships, independent study, projects, or other available options.

Eligibility

To be eligible to submit and participate in the credit flexibility option, students must meet the following criteria:

- Students who enroll with less than four (4) academic core credits may participate in the CFP only after completing one full core academic credit.
- Currently enrolled students may participate in the CFP at any time.
- Students must attend with their parent(s)/guardian an informational session with the Credit Flexibility Committee (CFC) or designee from the CFC to discuss procedures, plans outcomes, and impacts of participation in the credit flexibility option.

 - Special accommodations to be provided for students with a disability in compliance with the students Individual Education Plan (IEP) or 504 Plan

Credit Flexibility Committee

The Credit Flexibility Committee (CFC) will consist of the school principal and two teacher representatives in the relevant subject area.

Awarding of Credit

Credit and grades will be awarded based upon the completion of the credit flexibility plan approved by the CFC. It will be reported on the student transcripts and factored into a student's grade point average (GPA) and class ranking. All credit and grades earned are final.

All time lines regarding grade reporting must be adhered to pursuant to the School's calendar of grades input requirements. This is to ensure that the staff will be able to appropriately schedule students into necessary courses and appropriately monitor progress.

- Credit and grade will be awarded to students who successfully complete all requirements laid out in the Credit Flexibility Approval form
- Student grade will be determined by the teacher of record and based upon the student's attainment of knowledge as related to the Ohio Content Standards and course objective
- Student who do not complete their requested credit flexibility option by the designated deadline or completely fail to meet the requirements for adequate completion and/or knowledge attainment of the course, will not receive credit and a grade of "F" will be reported in the student's transcript and factored into their GPA. If this occurs, students may not submit to earn the same credit through the credit flexibility option

Responsibility of Student and Parent(s)/Guardian

School Attendance – Students participating in the credit flexibility option will be required to attend school for the remainder of their course load. Each student assumes the responsibility to attend all classes. Regular attendance and punctuality are necessary for success.

Fees – The School will require parent(s)/guardians of a student participating in the credit flexibility option not initiated by the School to be responsible for any additional fees associated with participation in that option.

Academic Integrity – Credit flexibility options are the sole responsibility of the student. The student must complete all work and final products on his/her own. A student may accept support, feedback, and knowledge from outside sources to assist in the completion of the credit flexibility option but the credit must be given to outside sources for contribution to the work.

A student deemed to be in violation of academic integrity guidelines will be notified of the complaint and informed of the need to be removed from the credit flexibility option. A student found to be in violation of academic integrity guidelines will receive no credit and a failing grade for the course. It will be reported on the transcript and factored into the GPA. The student will be denied participation in any future requests to participate in the credit flexibility option.

Appeals Process

Should a student and/or parent(s)/guardian disagree with a decision or action by the Credit Flexibility Committee or teacher of record, the student may submit a written appeal and may request a hearing.

Appeals must be formally written and submitted to the Credit Flexibility Committee. The Credit Flexibility Committee and a teacher representative not involved in the original approval and assessment of the student will review the appeal.

The student filing the written appeal and his/her parent(s)/guardian will be given an opportunity to present concerns and recommendations to the committee. The committee will review the appeals within 10 days from the date the written appeal was submitted. The decision of the committee may be appealed to the School Superintendent or the School's Board of Directors.

Communication Plan

Opportunities and requirements related to credit flexibility will be publicized annually. Copies of the publication describing opportunities and requirements related to credit flexibility will be made available to students, staff, parent(s)/guardian, community member upon request to the school principal.

Students and parent(s)/guardians are informed that data regarding participation in credit flexibility options will be shared on an annual bases as required by the Ohio Department of Education.

IV. School Personnel Responsibilities

A. Teachers and Other School Personnel Responsibilities

1. Teachers and other school personnel, who witness acts of Harassment, Intimidation or Bullying, as defined above, will promptly notify the Chief Administrative Officer or his/her designee of the event observed by filing a written incident report concerning the events witnessed.

In addition to addressing both informal and formal complaints, school personnel are encouraged to address the issue of Harassment, Intimidation or Bullying in other interactions with students. School personnel may find opportunities to educate students about Harassment, Intimidation and Bullying and

2. help eliminate such prohibited behaviors through class discussions, counseling, and reinforcement of socially appropriate behavior.
3. School personnel should intervene promptly where they observe student conduct that has the purpose or effect of ridiculing, humiliating, or intimidating another student/school personnel, even if such conduct does not meet the formal definition of "Harassment, Intimidation, or Bullying."

B. Administrator Responsibilities - Investigation and Documentation

1. The Chief Administrative Officer or his/her designee shall conduct a prompt and thorough investigation of all complaints of suspected Harassment, Intimidation, or Bullying. The Chief Administrative Officer or his/her designee shall prepare a written report of the investigation when the investigation is complete. Such report will include findings of fact and a determination of whether acts of Harassment, Intimidation, or Bullying were verified. When prohibited acts are verified, the Chief Administrative Officer or his/her designee shall also prepare a recommendation for intervention, including disciplinary action. Where appropriate, written witness statements will be attached to the report. It is imperative that Harassment, Intimidation, and Bullying be identified only when the specific elements of the definition are met because the designation of such prohibited incidents carry special statutory obligations. However, a determination that misconduct does not constitute Harassment, Intimidation or Bullying under this Policy, does not restrict the right of the Chief Administrative Officer to impose appropriate disciplinary consequences for student misconduct.
2. When an individual reporting a complaint has requested anonymity, the investigation of such complaint will be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint (with or without discussing it with the alleged perpetrator), subject to receipt of further information and/or the withdrawal by the complaining individual of the condition that his/her report be anonymous.

V. Notification to Parents/Guardians

- A. Perpetrator: If after investigation, acts of Harassment, Intimidation and Bullying by a specific student are verified, the Chief Administrative Officer or his/her designee will notify, in writing, the parent or guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline will be included in such notification to the extent permitted by law.
- B. Victim: If after investigation, acts of Bullying against a specific student are verified, the Chief Administrative Officer or his/her designee will notify the parent or guardian of the victim of such findings. In providing such notification, care must be taken to respect the statutory privacy right, including those set forth in the R.C. § 3319.321 and the Family Educational Rights and Privacy Act of 1974, 88 Stat. 571, 20 U.S.C. 1232q of the perpetrator of such Harassment, Intimidation and Bullying.
- C. To the extent permitted by State and Federal privacy laws, parents or guardians of any student involved in a prohibited incident may have access to any written reports pertaining to the prohibited incident.

VI. Remedial Actions

- A. Verified acts of Harassment, Intimidation or Bullying will result in action by the Chief Administrative Officer or his/her designee that is intended to ensure that the prohibition against Harassment, Intimidation or Bullying behavior is enforced, with the goal that any such prohibited behavior will cease.

The School recognizes that acts of Harassment, Intimidation, or Bullying can take many forms and can vary dramatically in seriousness and impact on the targeted individual and school community.

- B. Accordingly, there is no one prescribed response to verified acts of Harassment, Intimidation, and Bullying. Disciplinary and appropriate remedial actions for an individual who commits an act of Harassment, Intimidation or Bullying may range from positive behavioral interventions up to, and including, suspension or expulsion.
 - 1. In determining appropriate action for each individual who commits an act of Harassment, Intimidation or Bullying (including a determination to engage in either non-disciplinary or disciplinary action, as described below), the Chief Administrative Officer will give the following factors full consideration: The degree of harm caused by the incident(s);
 - 2. The surrounding circumstances;
 - 3. The nature and severity of the behavior;
 - 4. The relationship between the parties involved; and
 - 5. Past incidences or continuing patterns of behavior.
- C. When verified acts of Harassment, Intimidation or Bullying are identified early and/or when such verified acts of such behavior do not reasonably require a disciplinary response, students may be counseled regarding the definition of Harassment, Intimidation, Bullying, its prohibition, and their duty to avoid any

conduct that could be considered Harassment, Intimidation or Bullying. Peer mediation may also be used, when appropriate.

- D. When acts of Harassment, Intimidation and Bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, will not be the basis for disciplinary action.
- E. Suspension or Expulsion may be imposed, but only after the appropriate procedures have been conducted pursuant to the School's Suspension and Expulsion policy and applicable law. No disciplinary procedure will infringe on any student's rights under the first amendment to the Constitution of the United States.
- F. The determination that conduct does not constitute Harassment, Intimidation or Bullying under this Policy, however, does not restrict the right of the Chief Administrative Officer or the Board or both to impose appropriate disciplinary consequences for student misconduct.

VII. Prevention and Intervention Strategies

In addition to the prompt investigation of complaints of Harassment, Intimidation, or Bullying, and direct intervention when such acts are verified, the School will consider potential strategies to protect victims from additional Harassment, Intimidation, or Bullying, and from retaliation following a report and to generally ameliorate the effects of Harassment, Intimidation, Bullying. The following potential strategies, as well as other strategies, may be considered:

Pursuant to Ohio Law, any student who is a minor, at least sixteen years old and who desires to work may do so through a validly issued Age and Schooling Certificate (work permit). The Ohio Department of Commerce, Division of Labor and Worker Safety Wage and Hour (hereinafter referred to as "Wage and Hour") has granted to the School the authority to issue and revoke such Age and Schooling Certificates for its students.

Any student may request an Age and Schooling Certificate who is: at least sixteen years of age; has completed the School vocational education program; has completed a test verifying he/she can complete seventh grade academic work (if the student cannot do so, certain other arrangements can be made through the Administrator), and has secured possible employment.

If a student is eligible to receive an Age and Schooling Certificate, that student may begin the Age and Schooling Permitting Process described below.

1. The Work Permit Process

- a. If the student is a qualified applicant as described above, he/she shall be given an Application to obtain the Age and Schooling Certificate. The student and his/her parent/guardian shall complete the form in the following manner:
 - i. The parent/guardian must complete the Student Information Section.
 - ii. The employer shall complete the Employer's Agreement Section.
 - iii. The student's physician must complete the Physical Examination
 - iv. Section.
- b. Once the aforementioned sections of the Application are complete and reviewed by the Administrator, the Administrator may complete the School records section.
- c. Once the certificate is complete, the student shall sign the section titled "Signature of Minor." The Age and Schooling Certificate shall be issued to the student.
- d. When the Age and Schooling Certificate is fully executed, the white original shall be sent to the employer and the student may be employed.

It is important to note that the Age and Schooling Certificate issued to the student is employment and employer specific, and as such, a new Application and Age and Schooling Certificate must be submitted and procured respectively for each new different employment opportunity of the student. In addition, at the termination of any previous employment relationship, the School must secure the return of the employer's original Age and Schooling Certificate and a reason for termination which when obtained shall be kept in the student's file at the School.

2. Revocation of the Age and Schooling Certificate

The right of a student to work does not come without responsibility. Vocational training and working are an integral part of the School's educational program; however, academics always come first and a student's employment should never harm his/her educational advancement. The School reserves the right to revoke the student's Age and Schooling Certificate if: the student's academic achievement falls below an acceptable level; the student does not meet the minimum attendance requirement of the School; the student violates the School's Parent/Student Handbook, Code of Conduct, or other School rules, regulations, policies and/or procedures; or the Administrator believes that the employment represented by the Age and Schooling Certificate is jeopardizing the student's education.

XII. Technology and Internet Safety Policy

As more fully set forth in the School's Internet Safety Policy, (please refer to the Board Policy Manual for more information on this policy), the use of technology is a privilege and an important part of the School's overall curriculum. The School will, from time to time, make determinations on whether specific uses of technology are consistent with School policies for students and employees of the School but does not warrant that the technology resources will meet any specific requirements of the student or other users, or that it will be error free or uninterrupted.

By signing the Parent/Student Contract Page at the end of the Parent/Student Handbook, the parent and student agree:

- To abide by all School policies relating to the use of technology;
- To release all School personnel from any and all claims of any nature arising from the use or inability to use the technology;
- That the use of technology is a privilege; and
- That use of the technology will be monitored and there is no expectation of privacy whatsoever in any use of the technology.

The parent/student further agrees and understands that the user may have his/her privileges revoked or other disciplinary actions taken against them for actions and/or misuse such as, but not limited to, the following:

- Altering system technology, including but not limited to, software or hardware;
- Placing unauthorized information, computer viruses or harmful programs on or through the computer system in either public or private files or messages;
- Obtaining, viewing, downloading, transmitting, disseminating or otherwise gaining access to or disclosing materials the School believes may be unlawful, obscene, pornographic, abusive, or otherwise objectionable.
- Using technology resources for commercial, political, or other unauthorized purposes since the School technology resources are intended only for educational use;
- Intentionally seeking information on, obtaining copies of, or modifying files, other data, or passwords belonging to other users;
- Disrupting technology through abuse of the technology, including but not limited to, hardware or software;
- Malicious uses of technology through hate mail, harassment, bullying by electronic means, profanity, vulgar statements, or discriminating remarks;
- Interfering with others' use of technology;
- Installation of software without consent of the School;
- Allowing anyone else to use an account other than the account holder; and
- Other unlawful or inappropriate behavior.

The parent and student also acknowledge and agree that he/she is solely responsible for the use of his/her accounts, passwords, and/or access privileges, and that misuse of such may result in appropriate disciplinary actions (including but not limited to suspension or expulsion), loss of access privileges, and/or appropriate legal action.

The parent and student must also know and further agree that:

- Should the user transfer a file, shareware, or software that infects the technology resources with a virus and causes damage, the user will be liable for any and all repair costs;
- The user will be liable to pay the cost or fee of any file, shareware, or software transferred or downloaded, whether intentional or accidental;
- Should the user intentionally destroy information or equipment that causes damage to technology resources, the user(s) will be liable for any and all costs; and
 - Violation of this Internet Safety Policy is also a violation of the School Code of Conduct and may result in any other disciplinary action, other than those specifically set forth above, including but not limited to suspension or expulsion.

XIII. Wellness Statement

With the passing of the Child Nutrition and Women, Infants, and Children (WIC) Reauthorization Act of 2004 and the Healthy, Hunger-Free Kids Act of 2010 by Congress, the School recognized the role it can play in building nutrition knowledge and skills in students to promote healthy eating and physical activity choices. This law required local education agencies participating in a program authorized by the National School Lunch Act or the Child Nutrition Act of 1966 to develop a local wellness policy. The passing of the Healthy, Hunger-Free Kids Act of 2010 added provisions to expand upon the previous local wellness policy requirement of the 2004 Act. The School supports student health and wellness.

XIV. Reporting Child Abuse/Neglect

When any staff member suspects abuse or neglect, he/she will first notify the school administrator. The staff member will then call the local reporting agency in the presence of the administrator. The staff member will document the notification. All reports are to be confidential. For further information regarding reporting of child abuse or neglect, refer to the Board's Child Abuse or Neglect Reporting Policy.

XV. Non-Discrimination and Title IX/Section 504 Notice

The School does not discriminate on the basis of race, color, religion, ethnicity, national origin, gender, disability, homelessness, sexual orientation, economic status, or age in its programs and activities and provides equal access as required by the Boy Scouts of America Equal Access Act. At this time the school does not provide third parties with access to school facilities. The following staff members have been designated to handle inquiries regarding non-discrimination policies, and can advise you on the specific civil rights grievance procedure.
